EXCELLENCE IN FOOD SERVICE PACKAGING

COMPANY PROFILE - Durable Packaging has been a prime manufacturer of various metal containers since 1944. We are a privately owned family business and have operated that way since inception. Currently, we employ over 1,000 people and occupy over 900,000 square feet in the Chicagoland area. Furthering our commitment to become a leader in the food service industry, we are continually adding new foil containers and recently introduced a complete line of wet and dry wax paper products for the food-service industry. Items such as deli paper, bakery tissue, stock and custom-printed sandwich wraps are all being manufactured at our Wheeling facility.

QUALITY PRODUCTS - Durable Packaging will never compromise the quality of our products. We employ a comprehensive team of manufacturing engineers. Our staff has the knowledge and experience necessary to build and maintain the most technologically advanced equipment. Quality Control teams have been integrated into our entire manufacturing and packaging process to ensure for 100% customer satisfaction.

COMPETITIVE PRICING - Durable Packaging has always offered a financial value to our customers. We implement superior production processes in order to optimize manufacturing effectiveness. We continue to upgrade machinery and automate with advancing technology, making us more efficient, thereby reducing our costs. The end result means savings to you.

OUTSTANDING SERVICE - Our entire staff is trained in all facets of customer service to help solve your most difficult problems. Whether it's a special case pack, private label, or same day shipping, we will satisfy you, the customer.

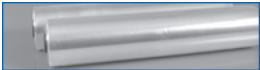

***Thank you for your patronage throughout the years.
We look forward to strengthening our current
relationships and also developing new contacts in
the food service and packaging industry.***
